

About Us

Last Updated Tuesday, 17 March 2009

MJT Designs is a Graphic Design and Photography Studio owned by a husband and wife, Jasen and Malinda Krenek of Tucson, Arizona.

Jasen first started MJT Designs as Graphic Designs only. He purchased a camera to use for any customers that needed a photograph of a certain product. From that day on, Jasen fell in love with the art of Photography!

Our son, Tyler is a BMX racer and Jasen started taking photos of BMXers at our local BMX track. Soon after that Jasen started taking photos of BMXers all across the United States at ABA BMX National's. BMX is our life and we wouldn't change it for the world!

Jasen has this natural talent and his work is known all around the world. He has the eye to "capture" that special moment. His style is very casual and artistic.
